CHOSE DEATH TO CAPTIVITY.

Half Chinese Girl From San Francisco Attempts Suicide.

SAVED JUST IN THE NICK TIME

Runs Away From Home—Followed to Honolulu by Her Husband's Cousin. Beaten Because She Refuses to Return—Arrested Yesterday.

Nothing else could be heard on the streets last night, but the story of the attempted suicide of "Lucy," the half Chinese girl who arrived by the Mariposa some two weeks ago and who was arrested yesterday and held in detention at the police station for the purpose of having her sent back to San Francisco on the Australia today.

At about six o'clock in the evening the night clerk, J. Kalakiela, happened to go back of the Deputy Marshal's office and past the cells on the upper floor. As he did so he looked in through the bars of the cell which had been assigned to "Lucy" and noticed that she was sitting on a chair with her head bent over on one side as if she had fallen asleep.

Gazing a little longer he noticed that her breast was heaving spasmodically and calling the turnkey to his assistance, opened the cell and called to the girl who made no answer, but continued to lean in the same position. Without a moment's delay Kalakiela grabbed the woman and started to raise her up off the chair when he found that a silk handkerchief tightly wound had been tied about her throat and that she had become unconscious. Five or ten minutes longer might have ended in her death.

At first it was sought to untie the handkerchief, but the knots had been tied too well and the four which the girl had succeeded in putting into the handkerchief were immovable. A pocket knife was produced at once and inserted between the neck and the handkerchief. With a vigorous jerk the handkerchief was cleared from the girl's neck who with one long gasp, fell to the floor.

Dr. Emerson was telephoned for at once and arriving a little later, set to work to bring the young lady around again. He worked for quite a while and then succeeded in bringing her to.

When she had recovered sufficiently she told Dr. Emerson the story of her life which, if it be true, should certainly claim the immediate attention of every humane person who reads these lines: "I am a girl of twenty years and was born in San Francisco, California. My mother was a white woman and my father a Chinaman.

"When I was but fourteen years of age I was married to Wong Hee, a Chinaman who did cooking and other odd jobs to make a living.

"Since that time my life has been one chapter of incidents all conducing to my misery and I have lain awake at nights and wandered about the streets during the day, trying to study some way out of the awful situation, but I was powerless for was I not married to the man who daily gave me kicks and cuffs and thrashed me until I was black and blue all over.

"Only a few weeks ago Wong Tuck, a merchant of this city, went up to San Francisco and while there was very often at our house for my husband is a cousin of his.

"Wong Tuck and my husband often talked together and at last I gathered that I was to be sold for the consideration of three or four thousand dollars to whomsoever might see fit to offer the price. I am convinced that my husband would have taken far less at the time for he was very hard up and had no money to buy opium of which drug he is a slave.

"I shuddered at the thought of being sold to the highest bidder and made up my mind to run away to Honolulu and throw myself upon the mercy of my friends of whom I have several here.

No sooner had I made up my mind to this than I made my preparations and came to Honolulu on the R. M. S. S. Mariposa about two weeks ago.

"Since that time I have been staying at the home of Chu Soy, manager of one of the Chinese theatres.

"In the meantime my husband had found out where I had gone and Wong Tuck followed me down on the Australia. As soon as he arrived he looked me up and, after finding me, said that I should go back to San Francisco. This I declined to do, whereupon he thrashed me shamefully.

"Today a police officer came to the house and told me I was wanted by the Marshal and then I was locked up in this cell."

Dr. Emerson stated that the girl had become very much worked up over the excitement of the past month and that the attempted suicide was the outcome of this.

"Lucy" was seen by a reporter of this paper while in the Deputy Marshal's office yesterday afternoon. She is very good looking, dresses neatly and speaks very good English.

She is sure that she will be sold upon arrival in San Francisco and shrinks the ordeal of being made to go back.

MAKES A PROTEST.

Hilo Citizen Gives Hawaii Herald His Opinions.

MR. EDITOR:—While wholesome and temperate criticism upon general public policy, national or local issues may never be altogether misplaced, and at times absolutely essential for preserving the even balance, all of which comes under the legitimate province of a newspaper, the qualification for such task remains the important requisite, and must lie in the familiarity, experience and knowledge gained by the editorial writer.

Severe strictures and "ex-cathedra" opinions upon conditions or individuals should be held wholly inadmissible to the pages of a periodical like the Herald, but just making its bow before the public. Scurrility and blackguardism make neither journalism or politics. The independent voter declines to be rallied by appeals to hate or prejudice. He fosters no feuds and vents no spite. For him the arena of free and courteous discussion, with the weapons of argument untipped by poison, is ample and broad.

The struggle here is but the struggle the world over. Happily for us, the lines have not become so sharply drawn but what mutual concessions may again bring together in cordial juxtaposition capitalist and producer. And that is why those who occupy a position of influence among the masses of the electorate repudiate the Herald's attitude.

A. B. LOEBENSTEIN.

Departure of Prof. Beckwith.

One of the passengers on the Australia today is William E. Beckwith. He has been a member of the faculty of Oahu College for about two years, and has won the respect and confidence and aloha of teachers and students alike. His honesty, integrity, faithfulness and genial presence will always be remembered. Mr. Beckwith will go to Great Barrington, his home, and the coming year will teach at the Sedgwick Institute.

WANTED FREE LIQUOR.

In a discussion on the liquor traffic in Dublin, Ireland, some time ago, a speaker made much of the fact that it was mainly from the whisky tax that the British Government derived the funds wherewith it paid soldiers, police, spies, jailers and so forth, to repress and punish Irish patriotism and keep the country in subjection. "But," said he, "the fault is your own. You cannot blame the Government. It leaves you free to drink or not to drink, just as you please. There is no compulsion. The British Government does not bring you into the public houses and pour the whisky down your throats." Whereupon there arose from some one in the body of the hall the pathetic exclamation: "Ah, I wish they would."

GENERAL HEALTH MATTERS IN TOWN.

Board Holds a Session On an Off Day.

ROUTINE MATTERS DISCUSSED

The Subject of Vaccination—Dr. Alvarez Met With Success—Affairs at the Settlement—Lady Medical Examiner for Schools in Honolulu.

The Board of Health met at 3:30 yesterday afternoon instead of on Wednesday last. There were present W. O. Smith, President, Drs. Day and Emerson, Theo. F. Lansing and C. B. Reynolds, executive officer. Minutes of the previous meeting read and amended and approved.

Report of Dr. Monsarrat showing 62 examinations under the act to mitigate.

Dr. Emerson reported having seen cattle in Manoa with swollen necks and suggested that they might have tuberculous. Dr. Monsarrat said he was satisfied some of the cattle were so afflicted and that he had sent for necessary instruments.

Mr. Keliipio reported the inspection of 41,750 fish.

Superintendent Meyers was authorized to make a slight increase in the pay of certain employees at the Leper Settlement engaged to distribute supplies to the residents, increase not to exceed a sum total of \$10.

Dr. Sloggett having passed a satisfactory examination before the Board by Medical Examiners was granted a license to practice.

A communication from Dr. C. M. Hyde relative to the Y. M. C. A. at Kalaupapa stated that he had written to the settlement for further information which, when received, he would transmit to the Hawaiian Board for action.

Permission was granted Messrs. Fisher and Jenkins, elders of the Church of Jesus Christ of Latter Day Saints, to visit the settlement in the interest of their church.

Dr. Alvarez reported his experiments in vaccine virus.

Insurance on the building and stock of the store at Kalaupapa for \$5000 was ordered to be renewed.

On certificates being furnished by Dr. Herbert eleven persons were ordered discharged from the Insane Asylum.

Report from Mrs. Macfarlane, treasurer of the Kapiolani Maternity Home, was read and approved. The pro rata of the appropriation due the Home was ordered paid.

President Smith reported that suit had been brought against him by Mrs. Mary E. Foster for damages accruing from closing a ditch running through her property, Nuuanu.

Regarding the vaccination of adults for which there is no law compelling them to be vaccinated, Mr. Smith suggested that a notice be published to the effect that adults may be vaccinated free of charge.

Dr. Monsarrat suggested that after a calf has been inoculated and produces virus it should be slaughtered before the virus is used. A post mortem would show whether the calf was healthy or not. If it be shown to be unhealthy the virus should not be used.

Mr. Smith reported a conversation with the President of the Board of Education regarding medical examination of pupils in the public schools. It was thought to be a matter exclusively in the hands of the Board of Health. This being the case Mr. Smith thought it well to employ the services

of a lady physician to examine the female pupils at a limited salary. The suggestion was adopted and President Smith was authorized by the Board to select a suitable person for the place. Adjourned.

Sheriff Wilcox Resigns.

Sam Wilcox has sent in his resignation as sheriff of Kauai, to take effect at once. He gives private reasons for his action. A great deal of his time must needs be spent upon matters of business abroad, and he feels that he cannot do justice to the position and attend to his own affairs at the same time. As yet no action has been taken in his case.

Mr. Wilcox has held the office of sheriff of Kauai for 24 years, having taken the position when W. O. Smith went out. During his incumbency he has given thorough satisfaction on the island, and retires with the sincere regret of all.

HILO HOTEL.

George C. Beckley Steps in and Assumes Control Over it.

During several months last past there has been considerable trouble in the management of the Hilo hotel, and this found its climax in an order from the Spreckels Bros. to close the hotel on Saturday, August 15th, this day.

If such an order were to be carried into effect at a time such as this, when tourists from abroad are all anxious to get a view of the wonderful fires of Kilauea, it would simply result in the worst kind of inconvenience to them.

In recognition of this fact, when the Kinaw was at Hilo, Director George C. Beckley of the Wilder Steamship Company stepped in and took the responsibility of running the hotel into his own hands until the trouble now pending has become a thing of the past. Mr. Vierra, the present manager, will remain in his place and will administer to the wants of his guests in first rate style.

The action of Mr. Beckley in looking out for the interests of the tourists is to be highly commended.

Court Martial on Adams.

The court martial aboard the Adams in the case in which Machinist Ring was up for trial for stabbing Norris in the abdomen with a file was concluded at 2 p. m. yesterday. At that time the court was cleared and the usual deliberations followed.

The court martial was composed of Paymaster Semmes, Judge Advocate; Ensign Hough, counsel for the accused, and Captain Watson, Lieutenants McElroy, Harrison and Winer, members of the court.

Stone soles for shoes, said to be flexible and very durable, and to give a sure foothold in slippery places, are a German idea. They are made by spreading a mixture of quartz, sand and water-proof glue over the leather soles.
